FOR KNEE MAGNETIC RESONANCE IMAGING (MRI)**

This notification applies to the following networks: Commercial HMO, POS, and PPO

A listing of all networks can be found on the provider website at <https://wa-provider.kaiserpermanente.org/communications/letters>

Effective May 1, 2022, Kaiser Foundation Health Plan of Washington and Kaiser Foundation Health Plan of Washington Options, Inc. (Kaiser Permanente) will implement medical necessity criteria for MRI of the knee for non-Medicare patients.

Explanation of the change:

Kaiser Permanente has developed clinical review criteria for knee MRIs performed on an ambulatory, non-emergent basis. High-end imaging site of care criteria will continue to apply to this service as well.

Clinical review criteria can be found on the Kaiser Permanente provider website at: <https://wa-provider.kaiserpermanente.org/static/pdf/hosting/clinical/criteria/pdf/mri-knee.pdf>.

What will I need to do differently for my patients with the following Kaiser Permanente health plans?

- KFHPWA Health Maintenance Organization (HMO) members: Prior authorization is required.
- KFHPWAO Point of Service (POS) members: Prior authorization is required for in-network coverage.
- KFHPWAO Preferred Provider Organization (PPO) members: Prior authorization is required.
