**HOME INFUSION BENEFIT CHANGE FOR KAISER PERMANENTE COMMERCIAL MEMBERS**

Dear Provider,

**Please distribute notification to all prescribing practitioners within your organization that participates in Kaiser Foundation Health Plan of Washington or Kaiser Foundation Health Plan of Washington Options, Inc. networks.**

**Effective January 1, 2022**, Kaiser Permanente members will have in-network benefit coverage for select home-infused medications and supplies only when the medicines and supplies are provided by Kaiser Permanente Specialty Home Infusion. There is no out-of-network benefit coverage for home infusion. Please refer to the attached list of medications impacted by this change.

This benefit change applies to Kaiser Foundation Health Plan of Washington and Kaiser Foundation Health Plan of Washington Options, Inc members. This benefit change does not apply to Medicare Advantage members.

Kaiser Permanente Specialty Home Infusion will mail medicine and infusion supplies to the member's home and will coordinate the administration of the member's home infusion by a preferred nursing partner.

**Note:** If the member has an authorization for an in-network or out-of-network home infusion provider that expires after Jan 1, 2022, the member may continue to see this provider until the authorization expires. After that date, we will assist the member to transfer their care to Kaiser Permanente Specialty Home Infusion.

**How can you help your patient make this transition?**

Approximately 30-60 days before your patient's authorization with their existing home infusion provider ends, you will receive a call from the Kaiser Permanente Specialty Home Infusion team to request a new referral and order for medication. Please fax this information to 206-326-2139 as soon as possible to ensure a seamless transition of care.

If you have questions regarding this change, please call Kaiser Permanente Specialty Home Infusion at 206-326-2990 (TTY 711) Monday through Friday, from 8:30 a.m. to 5:00 p.m.

# Infused Drugs Restricted to Kaiser Permanente's Specialty Pharmacy Network

To receive benefits for the administration of select infusion medications in the home setting, the drug must be obtained through Kaiser Permanente's preferred specialty pharmacy and administered by a provider we identify.

## Medications limited to the Kaiser Permanente Specialty Home Infusion Pharmacy and administered by Specialty Pharmacy Nursing Network (SPNN)

**Applies to:** Most Non-Medicare members, age 7 years and older. Please check your Evidence of Coverage to confirm or contact member services at 1-888-901-4636.

**Contact:** You can reach Kaiser Permanente Specialty Home Infusion Pharmacy at (206) 326-2990 from 8:30 a.m.- 5:00 p.m. Monday - Friday.

**Drug List: Please note** – Drugs are listed in alphabetical order:

Drug Code	Generic Name	Brand name
J0180	Agalsidase	Fabrazyme
J0221	Alglucosidase alfa	Lumizyme
J0257	Alpha-1 proteinase inhibitor	Aralast
J0256	Alpha-1 proteinase inhibitor	Prolastin
J0897	Denosumab	Prolia
J1300	Eculizumab	Soliris
C9484, J1428	Eteplirsen	Exondys-51
